CAN'T SKIMP ON ADVERTISING, SAMS TELLS BUSINESS MEN

Waukegan Man Speaks Words of Wisdom to A. B. C. at Dinner.

When there is established in business the same co-operation that government now imposes forcibly, the problem of mutual helpfulness, competition and other brands of small town and big town bugaboos will be solved, according to John E. Sams, manager of the Hydrox corporation and prominent member of the Waukegan chamber of commerce, who addressed the Antioch Business club at the monthly meeting Monday evening at the Parish Hall.

"It takes money, lots of it, to advertise a region or a business as it should be done," said Mr. Sams, citing instances where communities have expended sums in excess of thirty thousand dollars to advertise in a big way—the only way to obtain big results. "You can't be cheap in the matter of telling the world through the medium of advertising just what you have to offer," the speaker stated, calling attention to the wonderful opportunity the Illinois lake region has of reaping immense benefits as a direct result of publicity.

Continuing the subject of co-operation in business, Mr. Ed. Conrad, of the Stahl Realty company, spoke of helpfulness as practiced among the real estate firms of this locality. The remarks of both Mr. Sams and Mr. Conrad were well received and carried much weight with the hearers.

Fall Festival Sept. 13, 14, and 15
Plans for the fall festival to be held here Sept. 13, 14 and 15, were discussed and the chairman of the committee reported that much progress had been made in maturing the plans for the big fall show, which is intended to boost the entire lake region and demonstrate some of the possibilities available to the region outside of the regular resort region. The festival is to be first and purely an exposition. It is not held for the purpose of profit, and there are to be no gambling devices or games of chance granted a concession to operate during the festival. There are to be many free acts of entertainment, a big parade on the opening night, band concerts, and fireworks displays.

Conservancy Dist. Re-Organization Is Defeated By 500

The proposition of reorganizing the Fox River Conservancy district, comprising the counties of Lake, Cook, McHenry and Kendall counties, lost by a majority of 540 votes at the special election last Friday. About 3500 votes were cast.

Voters in Lake, Kane and Cook counties favored the proposition which had as its object the prevention of stream pollution and maintaining a steady flow of water in the Fox river and chain of lakes at all seasons of the year. Farmers in McHenry county and in Kendall county rolled up the defeating majority, farmers being opposed to the project because they feared the tax would be excessive.

In Lake county the vote was 152 for the proposition and 17 against, the majority favoring thus being 135. There were two polling places in Lake county, one at Antioch and the other in Grant township. In Antioch the vote was 86 for the issue and 7 against and in Grant, 86 for and 10 against. Five votes were cast in Cook county, all favorable. Kane county favored the proposition by 25 votes, while McHenry opposed it by 150.

Had the proposition carried, the trustees of the district would have been empowered to levy a small tax to be expended in cleaning the river and preventing sewage and waste from being thrown into it.

According to J. C. James, who was a member of the conservancy board, it is possible that a conservancy district will be formed in Lake county and a portion of McHenry county along Pleasant lake. "Water runs down hill," James said, "and if the people of the other counties can't get it can't be helped, at least in realize the value of a sanitation project light of their present attitude as shown by the election last Friday."

AND THEY SAY A JUDGE HAS NO SENSE OF HUMOR

One A. M. Rothbart, 6622 Glenwood Ave., Chicago, is a court reporter, which fact he deemed amply sufficient to allow him to speed through the streets of Antioch at a 38 mile clip last Friday. However, Mr. Rothbart was due for a revision of opinion, as Officer Frank Valenta took the gentleman in charge and he was ushered before the presence of Police Magistrate Gelstrup. "What is your occupation?" asked the Magistrate. "Why, I'm a court reporter," replied Mr. R. in his most impressive manner. "That's fine," said Gelstrup, "and you may report to his honor that you were fined \$15 out in Antioch for violating a state traffic law."

CHILD DROWNS IN SHALLOW POOL AT PETITE LAKE

Three Year Old Child Falls Into Water and Drowns.

Leaving the side of her mother while the parent was interested in her conversation with friends, little three-year-old Patricia Maher, the daughter of Clarence L. Maher, of 4128 Monticello avenue, Chicago, drowned in eighteen inches of water at a Petite Lake summer home last Sunday afternoon at two o'clock.

After having stumbled into a pool of shallow water, the body was recovered within three minutes, but all efforts to revive her were futile.

It is thought that the child fell into the pool as she was bending over it and as the bottom of the pool was covered with moss and slime she was unable to gain her footing and arise. The mother missed the child within three minutes after she had wandered away and she immediately started a search for her. She found the body of the baby lying face downward in the water.

Visiting at Petite Lake
The tragedy occurred within a short time after her parents had arrived at the Petite Lake home to spend the day with the occupants who also maintain a home in Chicago. The drowning was the eighteenth to occur in Lake county this summer.

Cops Will Chase Red And Black License Tags In The Year 1929

Bright red numerals on a solid field of black will constitute the color scheme of Illinois' 1929 automobile license plates instead of the green and white combination recently announced by Secretary of State Louis L. Emmerson.

Secretary Emmerson, who administers the law relative to the sale of these plates, several weeks ago selected a green plate with white numerals. Several states in the central west selected similar plates for 1929 and asked Illinois to change its color.

The Mack background with red numerals was the most distinctive of the samples presented and was picked for the 1929 plates. Secretary Emmerson says he cannot recall that any state in the Union ever had used this combination of colors.

The state recently contracted for the manufacture of the plates at a trifle more than eight and one-half cents a pair. This is believed to be the lowest price paid by any state in the country.

BOYS ARE REAL LADS AT CAMP ST. JOSEPH ANTIOCH MAYOR FINDS

Chief Executive of Village Spends Night With Boys at Petite Lake.

"We can't get 'em up—We can't get 'em up." George McArthur's bugle awakens the same 65 boys from Chicago and the surrounding territory who are spending their summer at Camp St. Joseph on Petite Lake, and sends them tottering from bed to the lake for an early morning dip. After sufficient wakefulness has been instilled in the campers by the cold water they will inform the world or anybody else

POPULARITY CONTEST WILL FEATURE 2ND LEGION FESTIVAL

Two Hundred Dollars in Prizes Will Make The Event Popular.

BIG SHOW STARTS WEDNESDAY

Regardless of how you dress, look or feel, with the help of your friends in the popularity contest to be staged at the second annual festival by the local post of the American Legion, at Antioch Palace starting next Wednesday night, you can win some real cash in what promises to be one of the most popular features ever put on in this locality. All the winners have to do is to bring their friends and have them applaud when the right time comes.

First and second couples will be chosen each night and prizes awarded, and Sunday night at the big final all winners on the previous nights will compete for the grand prize.

Of course the popularity contest is not the only entertainment that will be found at the Palace during the four nights of the festival, Wednesday, Thursday, Saturday and Sunday. (Friday night being reserved for the regular amateur boxing bouts at the Palace.)

The thousands expected to attend this year's festival will not only be well repaid in the way of entertainment, but they will be assisting a very worthy organization in the American Legion. "When you help the Legion you help your community, as the Legion is a great builder," stated a prominent member of the local post today, adding that "Antioch is as yet small, but watch us grow." That is the Legion spirit.

Christian Scientists To Hold First Service In New Church Sun.

New Church Erected by C. A. Powles on Victoria St. is Complete

The Antioch Christian Science congregation will hold their first service in the new building on Victoria street owned by C. A. Powles, Sunday morning, Aug. 19. For years the Scientists has been holding their meetings on the third floor of the China building. It is understood that a long lease on very satisfactory terms has been granted to the church by Mr. Powles.

Services at the church will be as follows: Sunday School 9:45 a. m. Service of Worship, Sunday 11 a. m. Wednesday service 8:00 p. m. Reading room open Wednesday 7:00 to 8:00 p. m.

that wants to know that there is nothing like the outdoor life for brightening up your summer vacation. Swimming, boating, hiking, campfires, and wonderful meals are what tempts the boys from the city and lures them from stuffy Chicago apartments to the fresh air of the country. Everything tends to make the program one that is chuck full of adventure, comradeship, mystery, and a grand perpetual fun fest.

Robert Voet and Nell Hurley are the physical directors and take care of the youngsters during the day. Both of these men have been acting in such capacities for some years and have quite a large experience in dealing with boys.

The counsellors are composed of the following boys: Clifford McCauley, Frank Sasso, "Heany" Murphy, Robert Irving, Ed O'Neill, Sta Zekulica, Jimmy Carr, George McArthur. John McCauley is the aide-de-camp.

At the present writing the Star of the Sea cabin are the possessors of the white ribbon, which is emblematic of being the best-all-around crowd in camp. They wrestled this honor away from the campers in St. Aloysius, who have chosen Marshall Bogaert to lead them towards the coveted award.

The big event of the past week was a visit by Mayor Pollock of Antioch, entertained the boys at the weekly campfire Tuesday evening by telling them an exceptionally interesting story. Mayor Pollock was much impressed by the splendid spirit—the volume of the voices—and the atmosphere that fairly breathed good health.

OVER 100 SWIMMERS WILL COMPETE AT LONG LAKE SUNDAY

Lake County's Best Will Try For Medals in County Meet.

Long Lake will be the mecca for swimmers and divers who will seek laurels in Lake county's first annual championship swimming meet. Huge crowds are expected to attend to watch the county leaders in aquatic events compete for championship honors in the various events.

H. M. Griffith, of Ingleside, himself a swimmer of considerable note, has charge of the entries which closed last night and which indicates that the event will be the largest of the kind ever held in Lake county. Mr. Griffith expected to receive a total of about 120 entries before the day was over yesterday. Among these are over forty from Waukegan, most prominent of whom are Miss Regina Gildea, who took third place in the river races last Saturday, and Norman Litz, well known swimming star of the county seat city.

Long Lake Has 33 Entries
Long Lake, famed for good swimmers, had entered 33 in the events up to Wednesday. Two prominent in the Long Lake entries are R. Kenneth Ingvaldsen and Ernie Matheson, members of the team from St. Olaf college that won the state championship of Wisconsin. Long Lake also has a leading entry in Bill Murry, known as one of the leading swimmers of the county, who is expected to show up well in the distance events.

Libertyville has many entrants, among them Bob Spelman and Jimmy Flagg, both good swimmers who are likely to grab off a medal in some event Sunday. Eugene Slinger of Highland Park, is another contender. E. R. Blosser, heading a group of 12 sailor lads from the Great Lakes naval training station, will be among the contenders to be reckoned with in the various events of the meet.

Fun Starts at Two P. M.
The aquatic sports will start promptly at two p. m., (daylight saving time.)

The meet is being financed in such a manner as to eliminate the necessity of charging either an entry or an admission fee for the events.

Gold, silver and bronze medals have been furnished for first, second and third places, respectively. Canoe tilting, tub races and exhibition swimming is on the program as well as the regular list of aquatic events.

The events for the competition are as follows: 100 yard free style for men, 100 yard free style for women, 100 yard free style for boys under 16, 100 yards back stroke, a two-mile swim and a one-mile swim.

It is expected that there will be hundreds of water fans who will travel to Long Lake Sunday for the purpose of seeing the events which promise to be a display of some excellent competition.

MASONS WILL PICNIC SUN. AT GAGE'S LAKE

Waukegan Masons All Set for Big Time at Batter-shall's Woods.

The Temple club of Waukegan, an organization of Master Masons, will hold their annual picnic at Batter-shall's woods, Gage's Lake, next Sunday, August 19. There will be an athletic program and entertainment for all. All Master Masons and their families are cordially invited to attend.

What might be called a new version of "He Who Gets Slapped" has as its principle Mr. John J. Raskob of Delaware, who undertook to hold jointly the chairmanship of the finance committee of the General Motors Corporation and the chairmanship of the Democratic National Committee.

His former business associates have given him definitely to understand that politics and business do not mix, so far as General Motors is concerned. Following certain intimations to that effect from high officials of the company, Mr. Raskob resigned the chairmanship of the finance committee.

He was the presentation of a first class boy scout pin to August Vogel, who is assistant to the Senior Staff, by Mayor Pollock.

Boy Scouts Win Swim Merits at Lily Lake

Robert Klug and Harold Nelson won the Junior Life Guard pins and insignia for their swimming suits offered for Junior boys by the Y. M. C. A. The test was very severe including all type of life saving and the thirty feet towing test.

Homer Fawcett won a merit badge for swimming. The other boys had won this merit previous to this week at camp. The merit is required before the boys may earn the Junior Life Guard merit.

The boys returned home last Saturday after a wonderful week of camp life at Lily Lake Boy Scout Camp. Six boy scouts and six cub scouts attended from the two scout troupes of the Episcopal and Methodist churches.

EMMERSON CALLS PARTY TO ARMS

Secretary of State Fires Opening Gun in Gubernatorial Campaign.

ANSWERS THOMPSON CHARGES

Declares Democratic Candidate Betrayed Trust—Says Opposition Ticket Picked by Political Bosses.

St. Vernon, Ill., August 15.—In the presence of thousands of southern Illinois Republicans, the party nominees for state office and prominent leaders from every section of Illinois here today, Louis L. Emmerson, Republican nominee for governor, made his first political speech since the April primary. It was a ringing call to arms for Republicans and a challenge to the Democratic State candidates, who, he declared, were hand-picked by a boss-controlled political machine and were selected because they would do the bidding of the machine.

He answered in detail the charges made by his opponent, Floyd E. Thompson, declaring every one of them false, and quoted from a letter written by Judge Thompson's former campaign manager and the report of a Rock Island County grand jury as evidence that Thompson betrayed his trust while state's attorney of his home county by failing to assist in ending the reign of vice and crime which finally resulted in intervention by the attorney general of the state.

He reiterated his primary pledges and declared that his only ambition was to give the state of Illinois an efficient, business-like administration. In closing, Mr. Emmerson made a plea for enthusiastic support of Hoover and Curtis and the entire Republican ticket in the interest of good government.

Recalls First Announcement.
"Nine months ago," Mr. Emmerson said, "before just such a gathering as this of my neighbors of Jefferson county and my friends from the southern half of the state, I announced my candidacy for the Republican nomination for governor. Since then

"Pinkie" Himself To Lead His Class of Leather-Pushers.

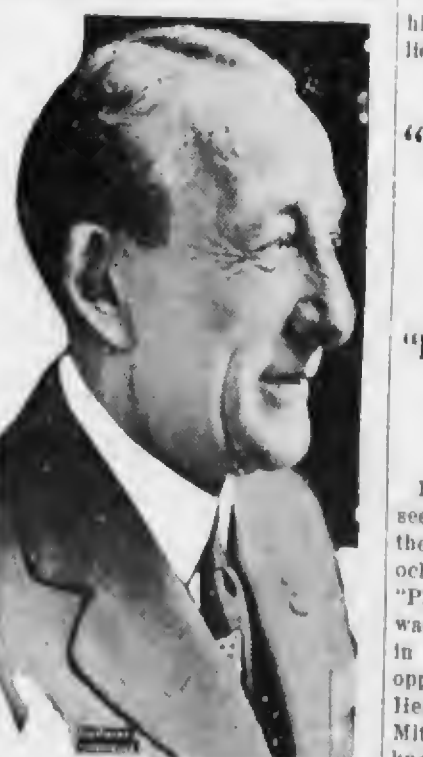

If Lake county fans are ever to see a classy card of boxing bouts they are due to see one at the Antioch Palace Friday night, when "Pinkie" Mitchell brings his Milwaukee gym class here to participate in eight three-round arguments with opponents selected by Matchmaker Heinle Wallenwein. "Who's 'Pinkie' Mitchell?" He is one of the best known fighters in Milwaukee and his personal appearance with the members of his gym will no doubt draw a great crowd to the Palace tomorrow night.

Here's the program for the "cauliflower" party tomorrow night: Barney Ross vs. Art Spantiko. Larry Levette vs. Tony Oberhoef-er.

Carrot Souffle
Two cups boiled carrots, mashed, two tablespoons chopped onion, one tablespoon oil, one cup milk or cream, three eggs, salt, pepper and bread crumbs.

Fry onion in oil for five minutes and add to mashed carrots. Then add beaten egg yolks and seasoning, and when well blended add the milk and stiffly beaten whites of eggs. Sprinkle with fine bread crumbs and brown about 15 minutes.

Gold Topped Macaroni
Use one cup of macaroni broken in inch lengths, two tablespoons butter, two tablespoons flour, one and one-half cups milk, one-half teaspoon salt, four tablespoons peanut butter, three-fourths cup diced celery and one-half cup grated carrots.

Cook macaroni in boiling salted water for 20 minutes. Drain. Melt butter, add the flour, then the milk and salt and cook until thick. Add the peanut butter and stir until smooth. Add the celery and cook just enough to heat without destroying its crispness. Pour over the cooked macaroni and sprinkle the grated carrots over the top.

Ice Cream Pudding
One pint of milk, brought to boiling point, one small envelope of gelatin dissolved in the hot milk. The well beaten yolks of two eggs, three tablespoons sugar, one-fourth teaspoon vanilla, stir until thick. Then beat in the two whites which have been beaten very stiff and one tablespoon of sugar. Pour into small cups and serve very cold with whipped cream.

Cinderella Puffs
One and one-half cups evaporated milk, one-half cup warm water, one-fourth pound unsalted butter, one-half pound pastry flour, four eggs, one-half teaspoon each of cinnamon and nutmeg, a few pieces of loaf sugar, and a few grains of salt.

Mix the milk and water, add the butter and set on the stove. Stir until the butter is melted and then gradually add the eggs which have been beaten until very light. Add the flour which has been sifted a few times with the spices and salt. Mix thoroughly to a smooth batter, pour into well buttered custard cups and set into a hot oven immediately. Bake 15 or 20 minutes. When done, turn out on a platter and grate loaf sugar over them. Serve hot with fruit sauce.

HOUSEHOLD HINTS
Always turn a cake upside down and let the bottom, as the bottom is undoubtedly smoother and will be better than the top. The top usually has a crust and this crust is much easier cut through if it is on a solid surface.

We might well eat more raisins, figs and prunes than we do. They supply both fuel and mineral matter at a moderate cost, besides having a value as base forming foods.

Eggs covered with boiling water and allowed to stand for five minutes are supposed to be more easily dyed than eggs placed in boiling water and allowed to boil furiously for three minutes.

To keep away ants, sprinkle a little powdered borax on pantry shelves or any where that the ants are troublesome and they will leave immediately.

Ink spots may be removed from linen by saturating with lemon juice and plentifully rubbing on table salt. Apply before the article goes to the laundry, and in ordinary cases no trace of the ink remains when the wash comes home. If the spot is a large one, repeat the application several times as fast as it dries, before laundering.

When packing a picnic basket we do not wish to put in any more dishes than are absolutely necessary. One good way of carrying salad, is to remove the pulp from lemons or oranges, cut a cap off from the top, and fill with salad. Replace the cap, and seal with a bit of paraffin.

To protect your light silk or linen parasol make a narrow bag of cotton or brown linen and run ribbon draw-strings in the hem at the top.

Midget Honey Bees
The smallest honey bees in the world are found in the East Indian islands and on the mainland of Hindustan. Their honeycombs are no larger than a child's hand, and the cells are about the size of a small pinhead.

Age and Youth
Age asks with timidity to be spared intolerable pain. Youth, taking fortune by the beard, demands joy like a right.—Robert Louis Stevenson.

NEW BRIMS ARE DEVELOPING
QUAINT BONNETLIKE SILHOUETTES

THE brim that droops is the latest word from Paris. Many of the smartest hats are developing decided bonnet tendencies. This is as true of the new felt as it is of wide-brimmed straws.

That there are more ways than one for brims to droop is a message which many of the French chapeau arrivals are conveying. The hats which created a sensation at the Chantilly races, because they marked a decided innovation, are cunning little affairs whose brims assume a quaint poke scoop to the front, cutting off close to the crown at the back. The crowns are shallow, round and snug-fitting. They are so decidedly different from anything in the way of the hats we have been wearing, that though they bespeak utmost simplicity, being usually felt (sometimes linenlike straw) with merely a ribbon band and bow, yet they at once command attention.

Just the opposite course is followed by other of the newest Parisian shapes, in that the brim is wide at the back, sloping to narrowness at the front.

The model in the panel in the picture suggests this new trend. This type should prove very comforting to the woman who is letting her "bob" grow for it effectually conceals all unruly locks. An unusual note about the model shown here is that the flower applique is cut out of the same fine haku straw as the hat itself, the effect being almost as if the floral had been embossed across the crown.

Lace brims with straw crowns are among the season's prettiest offerings. It will be seen by the dainty model at the top to the left in this group, that, when styled with a petite bonnet silhouette, lace effects are wonderfully attractive.

The large transparent hair hat to the right emphasizes the tendency for brims to widen at the sides and to droop.

A typical cloche concludes this group. This one is a handsome exotic straw, the sort that is so exquisitely fine, it almost seems as if it were linen canvas pressed into shape.

Bathing Costumes and Smart Beach Wraps
Beach toga for the summer of 1928 are more simple and graceful than ever before. Dressmakers have happily lost the idea that to be chic the bathing costume must be an elaborate affair of silk or satin. The day of the green silk skintight bathing suit sewed all over with glittering gold sequins seem far-distant.

Smart women are now wearing plain but well-cut costumes, admirably adapted to sun-baths as well as water ones. They are sometimes in two pieces and sometimes in one, but nearly all are belted with material in contrasting tones.

Heavy woolen tricot is the most popular fabric this year. It is far more comfortable if you wish to swim and whether wet or dry, fits much better than anything else.

Bathing-suits of plaited taffeta guaranteed against disaster after a dip in salt water are a bit more elaborate and have rubber caps that are decorated in the same fashion. They are chic and practical at the same time.

Beach wraps are as simple as the suits. Toweling is mostly used and there are also some extremely smart coats very much like men's bath robes for wear on the beach.

Bath robes of pongee in seagreen are being shown and are especially attractive for brunettes. It is very smart to wear a rather masculine bathing coat.

EMMERSON FIRES THE OPENING GUN OF CAMPAIGN

(Continued from first page)

the Democratic party. Whereas the Republican state candidates and the issues involved in the campaign were decided by the people in this tremendous outpouring of the electorate, the Democratic State ticket was hand-picked by a boss-controlled political machine which left nothing for the rank and file of the party to determine. Only 244,000 votes were cast for the Democratic nominee for governor, while 1,999,000 votes were cast by Republicans in selecting the Republican candidate. But if only one vote had been cast for the Democratic candidate he would still be the nominee, for he had no opposition. The machine saw to that and if by any chance the Democratic nominees for state office should win in November, the machine would dictate the policies of the state government.

Machines Control Them.

"The Democratic nominees owe allegiance to the machine and not to the rank and file of the party. The Republican nominees are responsible to the people who chose them.

"Voters must not lose sight of this difference between the two parties in this state, for it is fundamental.

"Every effort is being made by the Democratic candidate for governor to bring the situation so that this fact will be overlooked. He is resorting to the favorite petting-frog trick of the cheap politician in attempting to force himself into public favor, not by offering anything constructive but by maligning and slandering his opponents. You are urged to elect Floyd Thompson governor not because he has shown any marked qualifications for administration or because the Democratic party can be depended upon for good government, but because Mr. Thompson says Louis L. Emmerson is a crook. You are asked to elect Mr. Thompson, not because his faction of the Democratic party has been noted for devotion to the interests of the people, but because he says Mr. Emmerson is a law-breaker and a thief.

"Even if the slanderous charges he makes against me were true, it would not prove his superior fitness.

Says Thompson Betrayed Trust.

"I hold in my hand a letter written by Dr. G. F. Johnson, of East Moline, former mayor of his city, an ex-serviceman, a former chairman of the Rock Island Democratic Central committee and a life-long Democrat. It is addressed to the chairman of the Rock Island Democratic committee under date of February 23, 1928, after Mr. Thompson had been selected by the machine as the candidate for governor.

"In the letter Dr. Johnson resigns as a member of the Democratic county committee because he says he cannot support Mr. Thompson. He points out that he managed Floyd Thompson's campaign for state's attorney of Rock Island county, but cannot be for him now because of the way Mr. Thompson betrayed the trust of the law-abiding people. He accuses Mr. Thompson of being responsible, more than any other man, for the vice conditions in Rock Island county which resulted finally in the calling of the attorney general into the county to clean up the mess and the sending of several men in the vice ring to the penitentiary. He charges that the vice ring of which John Looney was the overlord and which was the most notorious in the state, contributed freely to Mr. Thompson's campaign; that by performance of his duty as state's attorney, Mr. Thompson could have prevented the loss of eight or ten lives and the shame and disgrace that followed. He asserts that Mr. Thompson, who was a young unmarried man at the beginning of the World War, was a slacker and refused to go into service, although one of his assistants enlisted and was killed in action and he was afterwards frequently importuned to enlist himself.

Cites Grand Jury Report.

"There are many other accusations in this letter of Dr. Johnson which I will not repeat.

"The grand jury of Rock Island county in January, 1914, after Mr. Thompson had been state's attorney for two years, asked for a special prosecutor to investigate official corruption consisting of bribery, embezzlement and conspiracies to commit illegal acts injurious to public morals and administration of public justice and other crimes and misdemeanors.

"The grand jury then added this statement: 'That Floyd Thompson, state's attorney of Rock Island county, is interested therein and that this grand jury believes that in order to properly and fully investigate said matters and all the matters connected therewith and growing out thereof, that it is necessary that a special state's attorney be appointed to assist the grand jury to investigate said matters.'

"The special state's attorney was appointed and some indictments were returned, but the grand jury was too strong and the public was not sufficiently aroused to secure convictions.

"The conditions continued all through the eight years of the Thompson administration of the office of state's attorney and it was this situation which he refused to leave when the war came on. Oscar E. Carlstrom, then state's attorney in an adjoining county, resigned his office and went

into the service. But Mr. Thompson was too busy to go.

State Had to Step In.

"It was not until after Thompson stepped out as state's attorney that the real cleanup came in Rock Island county. Indignant citizens raised a large fund and the attorney general of the state was called in. Looney and his gang were sent to the penitentiary and they are still there.

"In the course of these trials the former relationship between the Looney gang and Floyd Thompson was brought out. One witness, Lawrence Pedigo, declared under oath that Looney brought him to Rock Island to work for Floyd Thompson's election to the Supreme court. While the campaign for funds for this prosecution was in progress Judge Thompson in a speech ridiculed the citizens' committee, calling them 'Party Leaguers.'

"But I have no intention of conducting a muck-raking campaign. I cite these facts merely to show that Mr. Thompson's strictures against someone else do not prove his own fitness.

"But since Mr. Thompson has seen fit to repeat his slanderous statements regarding me in every section of the state and to make them the sole issue in his campaign, I want to answer them specifically and in detail, once and for all time.

Denies Interest Charge.

"He says that I withheld money from the state treasury and that I have used these funds for my own advantage without paying interest on them.

"The statement is an absolute falsehood. The funds which have passed through my hands have been paid into the state treasury in strict compliance with the law. When I became secretary of state the law required state officials to pay money they collected into the treasury at the end of ninety days. I personally advocated and assisted in securing the passage of an amendment of the law which requires this money to be paid in within thirty days and I have adhered strictly to the law making payments daily as rapidly as checks cleared the banks except where enjoined by the courts.

"I have never collected interest on public funds in my keeping and consequently could not have paid interest into the treasury. The law does not contemplate that I should. The collections of my office are received for the most part in items of small denominations, sometimes as many as 30,000 items in one day. Banks usually charge for the service of collecting small checks. The banks which have performed this service for the state during my administration have not charged for the service, but they do not pay interest on funds which they have in their custody for but a few days at a time. I have here statements from every bank with which I have done business as secretary of state, asserting emphatically that at no time have they paid anything to me directly or indirectly, not even in the form of campaign contributions, in return for the deposit of these funds.

Efficiency in Office.

"Under my direction the office of secretary of state has been conducted like a model business institution. It has been operated at less cost than any other similar department in the United States.

"Another of Mr. Thompson's charges is that I bought stock in a Springfield bank and paid for it with state funds. The stock I purchased in the Springfield bank I bought and paid for with my own personal funds, as my receipts and canceled checks will show.

"Another charge is that old, be-whiskered canard having to do with the 1920 Republican National convention. Mr. Thompson charges that I bought with cash the support of Nat Goldstein and some other St. Louis gangsters who had been elected delegates to the Republican National convention.

"The charge is absolutely false. It was first made in 1920 by a man who has since gone to the penitentiary, and its purpose was to prevent Governor Lowden from securing the nomination for President. The money expended in the Lowden Presidential campaign in Missouri was for legitimate campaign expenses and at the time Goldstein and other political leaders say they received the money they were not even candidates for delegate to the national convention and they were not elected delegates until long afterwards.

"Mr. Thompson says that when I became secretary of state I was worth \$40,000 and that I have become a millionaire since that time. I do not know how he obtained an inventory of my personal estate, but I want to assure him that his figures are all wrong. Whatever I possess has been earned honestly by careful attention to business, and my financial rating is no better today than it was when I first became secretary of state.

Good Service Only Ambition.

"This answers in detail every charge Mr. Thompson has made against me. I have answered them not because of any fear of their effect upon the public but merely to keep the record clear.

"Never have I been guilty of a dishonest act in private business or in public office and never have I betrayed a trust.

"I became a candidate for governor because I believed my experience and training fitted me to give the state an honest, efficient administration. It is my one ambition to round out my career by filling the office of governor and by administering it in such a way that in after years it will be said that my administration was one of the most progressive and constructive in the history of Illinois."

Mr. Emmerson then called attention to his pledges of business efficiency in the state government, early coming

WILMOT RESIDENTS MOURN DEATH OF TWO WELL-KNOWN WOMEN

**Mrs. Catherine Schuler and
Mrs. Fred Pagel
Pass Away.**

Funeral services were held at the Lutheran church Monday afternoon at two o'clock for Mrs. Fred Pagel of Wilmot.

Freda Doerr Pagel was born in Brandenburg, Germany, on Dec. 13, 1858, and died early Friday morning, August 10th, from heart trouble and dropsy. She was married to Fred Pagel Dec. 2, 1881, who with one son and six daughters survive. 26 grand children and 3 great grand children also survive. The funeral services were largely attended as Mrs. Pagel lived many years on the family farm just south of town. Burial was in the Wilmot cemetery.

Many in Wilmot mourn the death of Mrs. Catherine Lyons Schuler in Milwaukee on July 29. Born in Kenosha, Sept. 14, 1855, she moved to Wilmot with her parents at the age of three. She received her elementary education at Wilmot where she taught her first school. After graduating from the Oshkosh Normal and the University of Wisconsin she taught several years in Milwaukee.

Surviving Mrs. Schuler are her husband, Dominick Schuler, a well known principal of Milwaukee, five daughters and nineteen grandchildren and one sister, Mrs. Honora E. McGuire of Wilmot and Chicago.

Wilmot Defeats New Munster.

Led by Gegan with two home runs and two singles and Herrick with one home, a double and three singles in six times at bat, Wilmot defeated New Munster by the lopsided score

of 27-1. Gegan's homers were his sixth and seventh of the season.

Gegan, former Burlington pitcher, made his first appearance of the year in a Wilmot uniform. He started the game and pitched five innings allowing two hits and one home run; he also pounded out a triple and two singles. Frank pitched two innings in his masterful way and allowed no hits; Feltis finished the game allowing only two hits.

Although the spectacular plays were very few, Wilmot played errorless ball, which is something as errors have lost all of the games which the team has lost this year.

M. Schnurr was back in the Wilmot lineup after three week's absence and handled nine chances at second without a fumble. Frank Ehler filled his old position in right field and smashed out a triple and three singles. Next Sunday Wilmot journeys to Union Grove.

Mr. and Mrs. L. H. Cole of Crystal Lake spent Friday and Saturday with Mr. and Mrs. Frank Kruekman.

Mr. and Mrs. John Heath and son returned to LaCrosse Wednesday after a visit of several weeks with Mrs. H. Boulden. Sunday Mr. and Mrs. Edward Boulden and daughter from Chicago were out.

Mr. and Mrs. John Menter and children, Mr. and Mrs. Walter Runyard and son and Mr. and Mrs. Paul Brinkman attended the Runyard family picnic at the Ambrose Runyard home Sunday.

Mr. and Mrs. Frank Mattern of Kenosha spent Sunday with Mrs. Fred Mattern.

Mrs. Earl Shales and daughter of Woodstock were Monday guests of Mrs. Leah Pacey.

Marguerite Cleary of Milwaukee, is a guest this week of Mrs. James Carey. Monday they motored to Racine for the day.

Mary Flynn of Chicago is a guest this week of Catherine McGuire, David and Wm. McGuire were out over Sunday.

Rev. and Mrs. Jedele and family are spending their vacation at Ann Arbor, Mich. There will be no session of the board issue system of hard roads, the working out of a plan for the surfacing of secondary roads, the widening of main arteries near large centers of population, reform in the taxing system so as to relieve farms and small homes of the unequal burden they now carry; assistance for agriculture, support legislation for the welfare of wage earners and the advancement of industry.

Praises Hoover.

On the national ticket he said: "Herbert Hoover's wonderfully constructive statement of the issues of the campaign last Saturday shows a vision and a grasp of the problems of the day which cannot fail to win general approval. He has an established reputation as a man of great achievement and what he plans will be carried out. He was born in the middle-west; he has lived in the far west and in the east and his sympathies and knowledge of economic conditions and national problems is nationwide. There is no sectional narrowness in him. He is peculiarly fitted by temperament and training to give this nation a great administration."

"Illinois is for Hoover and the entire Republican state and national tickets. Let us get to work and make it the greatest victory in the history of the State."

TOWN PROGRESS TALKS

When you knock public improvements, Mr. Property Owner, you are as foolish as the poor fellow in the cartoon, who will realize his mistake shortly. Our town must keep step with the march of progress, or else become one of those pitiable backwater villages where nobody wants to live, and where property is unsalable and worth very little. Towns, like persons, must keep up to date or be left behind in the hot competition that exists today, hence when a public improvement is proposed, it behooves us to boost for it, and support it with our votes and money. Money used in making our town a better place to live is money well spent.

MRS. EMMA DROM DIES IN CHICAGO

Former Resident of Antioch Passes Away at Home of Daughter.

Funeral services for Mrs. Emma Bondy Drom, wife of the late Charles Drom, former resident of Antioch, will be held at the Trevor community hall Friday afternoon at two o'clock. Rev. A. M. Krahf, pastor of the Antioch Methodist church, officiating, and interment will be in the Liberty Corners cemetery.

Mrs. Drom died early Tuesday afternoon at the home of her daughter, Mrs. Beulah Downs, at Harvard, Ill. She was 78 years of age and was one of the pioneer residents of this locality. Before her marriage to Charles Drom, she lived with her parents on a farm at Liberty Corners. After her marriage she resided in Chicago for many years. She was preceded in death by her husband who passed away over forty years ago. For the past few years she has made her home with her daughter in Harvard. The daughter, Mrs. Downs, who survives, was the only child.

The remains will be brought from Harvard to Trevor by auto Friday just preceding the funeral services which are to be held at two o'clock.

State Fair Will Open Saturday, Aug. 18, With Full Entry List

"There is every indication that the Illinois State Fair of 1928, August 18 to 25, will be a record-breaker," Sullivan J. Standard, director of agriculture, observes, after checking over early entries and arrangements. "The grounds are in the best condition they have ever been to accommodate the immense attendance we expect."

All Exhibit Space Taken Among the many indications of an exceptionally successful state fair year, the officials report that for the first time in recent years, all exhibit space in Machinery hall was taken several weeks before the opening of the fair. Space in Machinery Field, and even in the added area set aside for that purpose, has all been allotted to exhibitors.

Attract Dairy Winners In the various livestock and agricultural classes, early entries indicate keen competition between big lists of high class specimens. This is particularly true in the dairy cattle classes. The new dairy cattle buildings have attracted many dairy herds from distant states that have won championships in some of the nation's greatest cattle shows—such as the Sesqui-Centennial at Philadelphia, and the National Dairy shows of recent years.

Washington D. C. Aug. 15—The approaching visit of Herbert Hoover to his native state of Iowa, where he will confer with real farmers on the subject of farm relief for two days at Cedar Rapids, affords an interesting contrast to the Democratic policy of asking a hand-picked list of "farm leaders" to come all the way to New York City to be photographed with the party candidate.

Kuttl and High School Boys at Aurora Fair

Lloyd Atwell Will Broadcast Over WJJD Friday.

With exhibits covering varied agriculture products, C. L. Kuttl, director of vocational agriculture at the Antioch high school, and a group of boys who are students in Mr. Kuttl's department at the local school, are spending this week at the Central States Exposition at Aurora. The exhibit comprises chickens, calves and sheep, owned by the boys who are conducting projects, also a fertilizer exhibit and a general display by the Ag. department of the school.

Lloyd Atwell, one of the farm boys from the local school, staying at the 4-H club camp at the fair, will broadcast over WJJD, Mooseheart station, between two and three p. m. Friday. He will tell about the Antioch high school exhibit at the fair. The exhibit features the use of rock phosphate as a fertilizer.

BARRINGTON—The local committee on the Barrington Fall Festival, together with Mr. Dupre of Dunece, who successfully managed the recent Merchants' exhibits in that city, met last Tuesday evening in the American Legion club rooms and made final plans for the exhibit to be held there the week beginning Sept. 13. Q. R. Paulson, in charge of exhibits, reports prompt response to the offering of booths which are now being assigned. Fear of scarcity of booths, expressed by some, are said

ANTIOCH MEN ARE HOSTS TO 300 GUESTS AT CEDAR CREST CLUB

Parties at Country Club
Are Popular and En-
joyable Events.

Cedar Crest Country Club was the scene of another very enjoyable party last Saturday night when five Antioch men, who are members of the club, were hosts to over three hundred guests who were royally entertained.

The first party of the kind given at Cedar Crest was by George Maypole, president, July 14, and this was an occasion of such enjoyment that a second party followed on the night of July 28, this one given by G. P. Dahlman, chairman of the entertainment committee. The hosts at club on "Antioch Night" last Saturday were: Messrs. C. K. Anderson, H. J. Vos, Wm. A. Howing, Itay Pregoner and E. M. Runyard. The music for dancing was furnished by the Harry Hodgeford orchestra of Chicago.

Cedar Crest Popular

Although Cedar Crest is one of the newest clubs in this locality, having been established last summer, it met with immediate favor and has become one of the most popular clubs in the lake region. Ideally located on one of the most beautiful sites in the entire lake region and with an elaborate club house second to none in Northern Illinois, the club has attracted those who desire exclusiveness and beauty of surroundings, as well as the other conveniences offered by a modern club. The membership is now about two hundred. A prominent member is Mr. Fred Lundin, who never fails to attend the parties at the club house.

Thousands Attend Opening of Model Farm

More than 2000 Northern Illinois farmers and people interested in rural development were present at the opening day of the Public Service Company of Northern Illinois Model Farm near Mundelein. Impressions of the Model Farm from the point of view of visitors, and the purposes for which it was built were expressed in the addresses to the guests by Harry Glickerson, Lake County Farm Adviser; Clifford V. Gregory, Editor of the Prairie Farmer, and Samuel Insull, Chairman of the Public Service company.

"We want to be of assistance," said Mr. Insull, "in teaching the farmers the economic fact that the basis of wealth is labor, and that

"man-labor". In these days of high priced labor and high cost of living, must be supplemented by the use of the labor of the machine."

Model Farm has the additional purpose of demonstrating to city dwellers that all the comforts and conveniences of city life are made available to them by gas and electric equipment on the farm.

The Model Farm will continue in operation as on the opening day. Electricity or gas are now operating such devices on Model Farm as, chicken brooders, milking machines, incubators, water pumps, vacuum cleaners for the cows and horses, lighting, heating, ultra-violet ray equipment for stimulating growth of

baby chicks, ensilage cutter and silo loader, and numerous other devices.

In addition to the equipment in use on the farm and in the home, there is on view in the exhibition hall a continuous exhibit of various types of electric and gas equipment approved for rural use.

Model Farm has an assembly hall where farm bureaus, farm clubs, and similar organizations may have meetings, carry on discussions and attend lectures by agricultural experts. The assembly room is equipped with a library of the latest books on all phases of agriculture, the plan being to augment the library from time to time as new books are published.

BANDITS LOOT McHENRY BANK— TAKE \$11,000 CASH

(Continued from first page)
The description given fitted the murderer, it is said.

Foss Thrice a Victim

Foss and Carey were in the bank three years ago when it was robbed of \$18,000. Of the four bandits who were credited with that job, one is dead, having been killed in a drunken brawl in a roadhouse near Chicago, and the other three are doing time in Joliet. Foss was also in the Spring Grove bank a year later when it was robbed.

\$1,000 Reward Spurs Hunt

It seemed as if the entire country side had taken to arms. Wauconda, Lake Zurich and Volo were paraded with speeding cars bristling with guns. Squads of motorcycle police dispatched westward by Sheriff Doolittle crossed and criss-crossed all trails.

In addition the state highway police, who had five men out, and neighboring cities and villages sent armed men to the highways.

R. C. Saunders, manager of the pro-

tective department of the Illinois Bankers' Protective association, covered Lake county with Sheriff Doolittle. It is Saunders' organization that has a standing offer of \$1,000 reward for the apprehension of the bank bandits.

"Says"

He thinks this is good—
DO YOU???

Did it ever occur to you that a man's life is full of temptations? He comes into the world without his consent and goes out against his will, and the trip between is exceedingly rocky. The run of contraries is one of the features of this trip. When he is little the big girls kiss him, when he is big the little girls kiss him. If he is poor he is a bad manager; if he is rich he is dishonest; if he needs credit, he can't get it. If he is prosperous every one wants to do him a favor. If he is in politics it is for graft. If he is out of politics, he is no good to his country. If he does not give to charity he is a stingy cuss; if he does it for show, he is a hypocrite; if he takes no interest in religion he is a soft specimen; if he cares for no one he is cold blooded. If he dies young there was a great future before him; if he lives to old age, he missed his calling. If you save money you are a grouch, if you spend it you're a loafer; if you get it you're a grafter; if you don't get it you're a bum. So what's the use?

LAKE VILLA R. N. A. HOLD PARTY TO HONOR OLD MEMBERS

**School House Remodeling
Near Done; School to
Open at Usual Time.**

Cedar Lake Camp No. 460 R. N. A., held a party at the Avery home on Cedar Lake on Tuesday in honor of its older members who find it difficult to attend the regular meetings. A picnic table was spread on the lawn near the lake, and the meal was served at one o'clock, forty or more people being present. Among those from a distance who attended were Mrs. Walter White of Aurora, Ill., and her grand daughter, Merle White of Round Lake. Mrs. Hattie Kappke, Mrs. M. L. Kappke, Mrs. Ella Humphrey, Mrs. Wm. Mitchell, Mrs. H. Nelson and daughter, Olive, all of Waukegan; Mrs. Myron Olcott and daughter of Hickory; Mrs. Lowry, Mrs. J. Wilton and Mrs. H. Wilton of Antioch; Mrs. S. Burnette and Miss Hawkins of Libertyville; Mrs. Hendricks of Ingleside; Mrs. Ella Dayman of Chicago; Mrs. James Atwell, Mrs. James Battistable, Mrs. Kerr and several members from Lake Villa were present. Mrs. E. J. Murrell of Russell was also at the gathering. The time was pleasantly spent in social conversation, as many of the ladies had not met in many years, and the day was ideal for the outdoor gathering, and all enjoyed it to the limit. A picture of the group was taken during the afternoon, and it was an occasion long to be remembered by those privileged to be present.

Mrs. H. Nelson and Miss Olive Nelson of Waukegan were visitors at the James Atwell home the first of the week.

Mrs. Charles Wilson of Zenda, Wis. drove down Wednesday, and Mr. and Mrs. Atwell returned with them for a few days visit.

Mrs. Fred Hamlin was a Waukegan visitor Monday.

Mr. and Mrs. Lee Tweed drove to Aurora on Sunday and attended the fair there.

Mr. and Mrs. Frank Nader were in Waukegan Tuesday.

The work of remodeling and improving the school house is going on rapidly and it is expected to be ready for the opening of school at the usual time.

Mr. and Mrs. H. Potter of Waukegan called on friends here Saturday.

Mrs. Wood entertained the Bridge club at her home last Thursday afternoon.

Mr. and Mrs. Carl Seeger and daughters are spending the week with relatives and friends at Beloit and Rockford. They went last Saturday and will return next Sunday.

Mrs. Patterson of Beaumont, Ill., returned to her home last Friday after a month's visit with her daughter, Mrs. H. J. Nelson. Mrs. Nelson accompanied her as far as Chicago and spent the day there.

Mrs. P. R. Avery and Mrs. C. B. Hamlin spent Friday in Chicago with relatives.

Mr. and Mrs. John Meyer and children have returned from an auto trip to points in Ohio, where they visited relatives.

Mrs. J. A. Pederson has as guests this week her sister and son of Chicago.

Mr. and Mrs. Nickerson were Chicago visitors Monday.

Mr. and Mrs. P. W. Gray and son, Mr. and Mrs. W. Cook, Mr. and Mrs. H. Norton, all of Chicago and Mrs. M. Kappke of Grayslake were guests of Mr. and Mrs. P. R. Avery at their Cedar Lake home Sunday.

Mrs. Val Weber was in Freeport last week to play in a golf tournament.

Our village people were very sorry to hear last week of the death of Mrs. Caroline Forbes who has lived at her home near Cedar Crest club every summer for many years and had made many friends here. Mrs. Forbes was one who was always willing to extend a helping hand to one in need and we extend our sympathy to her bereaved family.

Mrs. George Helm has been very ill, but is improving.

BRISTOL CHILD IS KILLED BY AUTO AS MOTHER LOOKS ON

Driver of Car Exonerated
by Dist. Attorney After
Questioning.

While her mother looked on, six-year-old Margaret Seitzrup, on an errand to the mail box in front of her farm home on the Geneva road Saturday morning, was knocked down by a passing automobile and killed.

The driver of the car, F. King, was exonerated from blame and dismissed from custody after being questioned by District Attorney Lewis W. Powell and Coroner A. B. Schmitz.

Death came instantly. The child's skull was fractured at the base. She was still breathing when picked up, but expired on the way to the Kenosha hospital.

The accident took place at 9:00 o'clock. The little girl, to whom the arrival of the mail man, J. Bishop, was a daily event of great importance, had hurried down to the box to get the paper which contained the comic strips that so delighted her.

Told to be Careful

She met Bishop as he stopped to deposit the Seitzrup mail. He handed her the paper and a few letters, and with an eye to traffic hazards, cautioned the lot to be careful in crossing the road.

But Margaret, waving a cheery goodby and with all her thought centered on the comics which she would look at as quickly as she got back to the house, did not heed.

She sprang around the rear of the mailman's car directly into the path of King's machine. There was a scream and a thud and the body of the girl rolled to the side of the concrete. The mother, watching her daughter from the porch of their home, was horror-stricken. She dashed madly to the side of her child and begged the injured form to her bosom.

Hurry to Hospital

King, who had stopped within a few feet, placed Mrs. Seitzrup and the child in his machine and raced to the hospital. Margaret had been fatally injured, however, and breathed her last before the city could be reached.

The hospital physicians pronounced the child dead and the remains were taken to the Hansen Funeral home. The father of the child, Christian Seitzrup, who is employed at Nash plant, was summoned.

The parents are grief-stricken. Margaret had been a cheerful child around the farm home and had acted as a little mother to her younger sister, Agnes, aged 3, while the mother worked around the farm.

King was questioned by District Attorney Powell and later discharged from all blame. The action was taken after Mr. Powell had heard the story of the mail man and the mother, both of whom said the fatality was unavoidable.

Was Popular Child

Margaret was a popular child in the neighborhood of her home, the first house west of the Bristol corner, on the south side of the highway. She had lived there all her life. Funeral services were conducted from the Hansen parlors Tuesday at 2:00 o'clock. Interment at the Bristol cemetery.

Pioneer Dies of Injuries

Suffering for three weeks with a broken neck following an automobile crash west of Kenosha on the Burlington road in which another auto struck the one in which he was riding, J. H. Karnes, Sr., 88, a pioneer of Kenosha county, died Saturday morning at his home.

Karnes was injured when the car in which he rode was struck broadside and tipped over. Karnes was taken to his home in Kenosha unconscious. He later regained consciousness, but throughout the three weeks of his illness he was delirious. Attending physicians stated he had suffered the fracture of a vertebrae of the neck.

The deceased was born at Bridgeport, Conn., in 1840. He came to Kenosha county at the age of fifteen. He was the organizer of the Kenosha county humane society and served as humane officer for twenty years, retiring in 1925, after a brilliant record of accomplishment and service. He is survived by four sons and thirteen grandchildren.

Yellow Corn Better Than White Corn for Growing Pigs

ALL CORN IS NOT ALIKE IN VALUE

Find Yellow Corn Is Cheapest
for the Fattening
of Pigs.

For growing and fattening pigs corn as the fattening part of the ration has no equal. Yet all corn is not alike in feeding value, according to the Blue Valley Creamery Institute, which declares that for putting on cheap and most rapid gains on pigs in ordinary dry lot or winter feeding yellow corn is far superior to white corn. This is true especially when pigs are fed corn properly supplemented by liberal feeding of skim milk or tankage as the only feeds in the ration. Such a ration has been found to be high in a certain vitamin required for good growth.

Evidence of the superiority of yellow corn over white corn in winter feeding is given in the results obtained recently by the Illinois agricultural experiment station where

woulding pigs were fed to an average weight of around 230 pounds. The group of pigs receiving the white corn ration required an average of 211 days to reach an average weight of 220 pounds and an average total of 487 pounds of corn and 50 pounds of tankage for each 100 pounds of gain. The pigs receiving yellow corn and tankage reached an average weight of 250 pounds in 183 days and ate 425 pounds of corn and 44 pounds of tankage per 100 pounds gain.

The difference in feeding value of yellow and white corn holds only when pigs are fed in dry lot and receive only corn and skim milk or tankage. However, when bright clean ground alfalfa or other legume hay, which is rich in the necessary vitamin lacking in white corn, is fed with corn and skim milk or tankage, yellow corn is no better than white corn for alfalfa hay takes care of all the pig's vitamin requirements. As green pasture is also rich in this vitamin, pigs on pasture make just as rapid and as economical gains on white corn as on yellow. But for pigs in dry lot receiving only corn and skim milk or tankage and no alfalfa or other legume hay, yellow corn is better than white corn because the yellow contains the required vitamins which are lacking in the white.

Sunday saw a very exciting time on the local ball grounds. The home team was defeated in the first game with North Chicago by a score of 6-1. They lost this game with North Chicago by stupid base running and bad errors in the field. In the second game, the local boys played the Chicago stars and put up a better game. The score stood 2 to 2 in the eighth inning and after a dispute the umpire gave the game to Antioch.

CHRISTIAN SCIENCE CHURCHES

"SOUL" was the subject of the Lesson-Sermon in all Churches of Christ, Scientist, Sunday, August 12.

The Golden Text was from Isaiah 61:10, "I will greatly rejoice in the Lord, my soul shall be joyful in my Lord."

Among the citations which comprised the Lesson-Sermon was the following from the Bible: "O God, thou art my God; early will I seek thee: my soul thirsteth for thee, my flesh longeth for thee in a dry and thirsty land, where no water is; To see thy power and thy glory, so as I have seen thee in the sanctuary. Because thy loving kindness is better than life, my lips shall praise thee" (Psalms 63:1-3).

The Lesson-Sermon also included the following passages from the Christian Science textbook, "Science and Health with Key to the Scriptures," by Mary Baker Eddy: "The evidence of the existence of Spirit, Soul, is palpable only to spiritual sense, and is not apparent to the material senses, which recognize only that which is the opposite of Spirit" (p. 359).

Cutting Corners Too Fine?

Complete Bank Service Shows You How to Have
A Cash Reserve

"KEEP every penny earning" is a true but much abused phrase. Money can earn many valuable things besides interest. Using money to build your credit may often earn more profit than any other sound financial investment. Keeping a substantial cash reserve on hand frequently permits the taking of profits offered by quick-fire business opportunities. Usually these require "cash on the nail" with little or no time to convert securities. These chances for gain are more common just when other investments are difficult to liquidate.

Most men who have accumulated large fortunes, make it a practice in their personal and business finance to keep an adequate cash reserve for such opportunities.

Not the least advantage of surplus funds in your checking account, comes from the strength it adds to personal morale. A cash reserve brings a satisfaction, a feeling of familiarity with success, a confident physical bearing which have a definite money value to the user—for they give him a broader view point and show him an ever widening field for profitable activity.

Building up and keeping such a surplus immediately available is simple in principle, and not as hard to do as most people suppose. With the many demands on personal and business income, perhaps you think, "How can I keep a larger balance in my checking account? How shall I determine what the amount is to be?"

In most cases there is a way to build up a reasonable reserve of ready cash and without unpleasant skimping and scraping. Every day, your banker is in contact with hundreds of cases. Often, some simple adjustment opens the way to a new plan of personal finance, with greater freedom, more comfort and less irksome detail.

Your banker has helped many others find the way. In many instances the plan has proved to be the turning point to greater success. Use your banker more. Get acquainted with him and let him pass on to you the methods successfully used by others with financial problems just like yours.

"Cutting corners too fine," is a common stumbling block in the way of greater profits. A cash reserve is one solution and your banker will gladly co-operate with you in building it up. Talk with him today.

GREAT CARD AT PALACE FRIDAY

(Continued from first page)

Larry Levette, "Mac" McMullin, and Ernie Jokinen, all classy boxers from Waukegan, is bound to make this week's show a hummer. The card for tomorrow night is pronounced the best program that has been prepared for the Palace.

Last Friday's Decisions

Larry Levette knocked out Billy Bennett in fourth round.
Alfonso Amozone beat Eddie Peddie in 3 rounds.
Fritz Behrens beat Paul Harris in 4 rounds.
Phil Taylor beat Jack Harris in 3 rounds.
Alex Kazlo Beat Bobby Juhrend in 4 rounds.
Harney Ross beat Charley Zahmley in 3 rounds.
Frankie Hughes beat Willie Fitzpatrick in 3 rounds.
Ray Stickler won on forfeit from Howard Craft.

After one minute and forty seconds of fighting in the fourth round, Larry Levette, Waukegan, knocked out Billy Bennett, Golden Gloves winner, in the windup bout at the Palace last Friday night. The bout was one of the cleanest exhibitions ever put on in Lake county. At the close of three fast rounds the judges disagreed, and it was in the extra session that Levette was able to land with a haymaking right after having Bennett in a bad way with several hard punches. Bennett was able to get up at the count of six, but could not continue.

The opening match between Phil Taylor, Waukegan, and Jack Harris, Chicago, two colored 145 pounders, was fast from start to finish. Taylor was given the decision at the end of the third round.
Frankie Hughes managed to stick it out with Willie Fitzpatrick, of the stockyards district. Fitzpatrick showed more cleverness than Hughes in the first rounds, but he could not withstand the hard punches of the "hard rock" from Kenosha.

Antioch Plays Good Baseball as League Season Nears Close

Beats Grayslake But Takes Defeat From North Shore Teams.

The Antioch baseball team, member of the Lake County Amateur league, is playing regular baseball as the league season nears its close.

In a practice game with Grayslake on August 5, Antioch had a 5 to 3 advantage in the five innings played. The failure of the official umpire to make his appearance caused the teams to agree not to play a regular game but wait until another day.

Grayslake is in first place in a hot five cornered race for the trip to Cincinnati and the trimming Antioch gave them didn't do their morale any good. Nixon, Sullivan and Bill Steininger hunched their bats for a two run lead in the first inning. But Grayslake scored 3 in the fourth to tie it up on hits by Howard, Porteous, Bostwick and a couple outs. Antioch won the game in the fifth when Chinn singled, Nixon beat out a bunt, Chinn going to third and Lasco singled, to score winning runs.

W. Steininger, and Fredrickson pitched for Antioch and "Dazzy" Brasher and Bennett for Grayslake. The Waukegan Daily Sun, in commenting on last Sunday's schedule, said, in part, "The pace settings Grayslake crew are taking an awful chance with their position by traveling out to Antioch to meet the Lake Region Hubs at Antioch Park.
Antioch is well down the list but they have a disturbing habit of spoiling the works for teams in better positions. The defeat the local boys handed Grayslake, even though it doesn't count in the standings, gave the Antioch team a lot of confidence in facing the rest of the teams. They have five more games to play and 4 are with title-seeking teams. The locals have been playing real baseball the last six games, winning five of them and will give any team a tough game.

Shore Liners Beat Antioch
The Shore Line Lumber Company baseball team defeated Antioch, 6 to 5 in a close game in the Lake County Amateur league Sunday afternoon. The winners made their six runs in the early innings.

A. B. C. Enjoys Instructive Session At Monthly Dinner

(Continued from first page)

comes known was brought to the attention of the club. It was learned that this project had been in prospect for some years by some of the far-sighted residents of Antioch. The project will involve some of the land used as right-of-way for the present Channel Lake road, which will revert back to the state when the new right-of-way is established just to the south of the building known as the "Blue Lantern."

Better Mail Service Urged

Better mail service for the patrons of the local postoffice is being urged by Secretary A. M. Krali who has

taken the matter up with the local postmaster and also with the proper authorities in Chicago. That the present unsatisfactory conditions will be remedied seems imminent.

It was reported that the state highway department contemplated the building of at least three bridges between Antioch and Channel Lake for the new road, No. 173. To speed up the work it was recommended that a committee confer with department officials in an effort to have the work of bridge building start as soon as possible, but no committee was appointed for this purpose.

Vos Acting President

In the absence of President C. L. Kull, who is attending the Aurora fair, H. J. Vos, vice president, presided at the business session, which followed an excellent dinner served by the ladies of the Guild. Louis Ponte, accordion player, entertained and also accompanied during the peppy song session.

Next Meeting at Cedar Crest

Mr. A. Otte, manager of Cedar Crest, was present and extended an invitation to the club to have their next meeting at the Cedar Crest club house. The invitation was accepted and the meeting will be held September 10.

In ninety days from now diphtheria season will be upon us. Then case reports will jump to 200 or 300 per week instead of 75 or 80, the present rate. The greatest degree of safety will be with the youngsters who have been immunized against the disease before school opens.

EDISON SAYS HERB HOOVER WILL BE NEXT PRESIDENT

Rochester, N. Y. August 16.—Herbert Hoover will be elected President because he stands for the things a majority of the people are in favor of, according to Thomas A. Edison, world-famous inventor.

"Smith is too much loaded with associations which people do not like," Mr. Edison wrote in reply to questions as to why he was convinced Mr. Hoover would be victorious in the fall.

In company with distinguished scientists and other notables from all sections of the country, Mr. Edison was here as the guest of George Eastman to witness first public demonstrations of the newly developed method of color motion picture photography. During the interview granted newspapermen by the venerable inventor, scores of questions on almost every conceivable subject were submitted to him. The questions were submitted in writing because of Mr. Edison's deafness, and his replies also were written in the copper-plate handwriting for which he is noted.

Posts Notice for Bids

Notice for bids for mail messenger service between the Postoffice in Antioch and the Soo Line station has been posted. Anyone interested should inquire of the postmaster.

You should be using GOODYEAR TIRES

There are a lot of good tires on the market today--some not so good and some that are just plain "no good."

But among them is one that is the best. That's the one you want.

We have it--it's a Goodyear, The World's Greatest Tire.

It is not the Greatest because we say so.

It's Greatest because of six definite points of superiority in materials and construction.

It's Greatest because for over ten years more Goodyears have been made and sold than any other kind.

It's Greatest because it is the acknowledged world's standard of quality.

It's greatest because more people ride on Goodyear Tires than on any other kind.

As a matter of fact you pay no more for a genuine Goodyear than you are asked to pay for many unknown tires of doubtful worth.

Your size is here and our prompt, expert, courteous service goes with every one we sell.
